Staff provides geriatric assessment and cognitive assessment, ADL, IADL assessment, functional assessment and social assessment, and testing for depression, memory loss and anxiety.

Hampton Roads Neuropsychology specializes in brain-behavior relationships. Our practice provides neuropsychological services to individuals with known or suspected neurologic concerns that may affect a person's ability to meet daily demands at home, school, work, play or in the community. We offer accurate and objective evaluations and treatment for a variety of concerns.
