English

The Volunteers of Louisa (VOL) serves as a centralized clearinghouse to help facilitate, promote, and recognize volunteerism in our community. They recruit volunteers and match their skills and interests with local volunteer opportunities; refer volunteers to human service providers; build public awareness, and initiate and promote special programs and services to respond to community and individual needs.

Volunteers can deliver meals, be a driver, read to infants, or participate in the RuraLove ministry of Goshen Association to help local families in crisis.

Service Area(s)

Louisa County
