The Oaks, Richfield's assisted living program, supports senior adults who need supervision and help with personal care daily. The assisted living programs can accommodate a wide range of individual care needs. Twenty-four-hour supervision and health monitoring are provided in a supportive environment where medications are administered, meals are prepared and assistance with personal care is provided. Home-like comforts at The Oaks include spacious private and unique semi-private rooms with private baths; meals served in a dining room with restaurant-style dining; a private dining room for special occasions; and comfortable common areas for socializing. Comprehensive rehabilitative services are available on the Richfield campus. The capacity is 80 residents.

Vacation, recovery, and respite stays are available and can be designed to meet your needs for as little as two days or for as long as a month. The program allows family members to vacation or simply take a restful break from the everyday demands of providing daily care to a loved one. The program can also provide an opportunity to evaluate the benefits of assisted living at Richfield before making a permanent move. Limited client transportation is available. A waiting period is possible for this program.

The Oaks is a part of Richfield Retirement Community, a not-for-profit community offering options for independent living, assisted living, memory care, and skilled and rehabilitative nursing care. Richfield offers three distinct assisted living facilities on one campus: The Oaks, the Joseph C. Thomas Center, and Richfield Memory Care and Enrichment Center.
