Training and classes for Advanced Cardiac Life Support (ACLS), Pediatric Advanced Life Support (PALS), International Trauma Life Support (ITLS), Pre-Hospital Trauma Life Support (PHTLS), Critical Care Emergency Medical Transport (CCEMT), and more are offered for EMS practitioners. The Agency coordinates the response of rescue squads, hospitals, local governments and the general public in time of disaster.

The Agency also has a lending library which stocks a variety of education videos used to obtain continuing education credit, instructor resources, and a wide range of EMS training equipment (including manikins, defibrillators, and various patient care devices.) Patrons can reserve equipment by completing the [online form](#). Materials may be checked out free of charge by setting up a library account. Videos for Category 2 and Category 3 to earn continuing education credits may be rented.
