Ballad Health offers inpatient behavioral health. Ridgeview Pavilion offers Short-term Crisis Intervention, Medication Assessment, and Stabilization. Ridgeview Pavilion is a 28-bed, secured adult inpatient psychiatric facility. Inpatient programming is targeted toward short-term crisis intervention, medication assessment, and stabilization. Services are designed to encourage the least restrictive and structured level of care that is clinically appropriate. Coordination with outside clinicians, community service boards, and families of patients helps ensure smooth movement among levels of care, encouraging the transition back to community-based life and the home environment.
