Region Ten CSB offers several group home residential programs located throughout Albemarle County and City of Charlottesville. This service provides supports to consumers with developmental disabilities in a licensed group home setting to achieve and maintain a full life based on person-centered choices, interests and preferences. These services may be continuous (up to 24 hours per day) and performed by paid staff who shall be physically present in the home. These supports may be provided individually or simultaneously to more than one individual living in that home, depending on the required support. Each individual has a support plan developed to help them to reach their goals. These services are designed to support each individual in living a safe, healthy, and productive life as independently as possible.
