Phoenix Program is a 68-bed residential treatment center helping men with drug and alcohol disorders get the assistance they need. Adults must be ambulatory and able to maintain self-care without physical handicap(s) that would hinder mobility in the program. Counselors and clinicians use a cognitive-behavioral, 12-step approach, including medication management and medication-assisted treatment, to address a wide range of substance abuse and co-occurring mental health problems

The three phase treatment includes the Assessment Phase (evaluation, orientation), the Primary Phase (addiction education, life skills training, counseling and the 12-step group participation) and The Transition Phase (up to 30 days developing a sober support system and an aftercare program).

For Admissions call 703-841-0703 Ext. 1, or email [admissions@phoenixhouse.org](mailto:admissions@phoenixhouse.org).
