Healthy Families for Southwest Virginia provides information and supportive services to first-time parents in Wise, Lee, and Scott Counties, and the City of Norton.

All first-time parents qualify for a free Welcome Baby Package filled with pregnancy and parenting information, samples of baby products, and a welcome gift.

Healthy Families is a voluntary program that provides a family with a home visitor that is available to answer questions, calm fears, provide development and health information, support, and connect parents with resources located in their community. Home visitors assist parents in discovering ways to help their child be the very best that he or she can be.
