Amramp designs and installs steel modular handicap access ramps, to rent or to own, for short or long-term use. No permanent modifications to your property. The ramps have full handrails and feature an open-mesh decking that allows moisture to pass through, maximizing safety. Offers no-cost evaluation and can install in days, not weeks or months. The purpose of the ramps are for use with wheelchairs, power chairs, scooters and for anyone who has difficulty climbing stairs. The ramps are ADA compliant.

Amramp also carries an expanded line of accessibility equipment, including portable roll-in showers, automatic door openers, vertical platform lifts, threshold and entry ramps, inclined stair lifts, portable ramps, inclined platform lifts, pool lifts, overhead patient lifts, grab bars, wireless alert devices and more. Call or submit the website form for more information.
