The Senior Adult Behavioral Health program promotes quality of life and independence of individuals 60 and older with behavioral health service needs. Services are provided through an interdisciplinary team that assesses, monitors, and works collaboratively with each individual to address the behavioral health issue. Home-based services are available for individuals who cannot leave their home. A sliding fee scale based on income is used and insurance is billed for services. Services include:

- Interdisciplinary assessment, treatment, and evaluation,
- Monitoring of psychiatric medications,
- Individual, group, and family counseling,
- Case coordination and consultation with other care providers.

In an emergency, call 703-228-5160 weekdays or 703-558-2222 evenings and weekends and ask for the emergency behavioral health therapist
