English

Hospice of Virginia is seeking volunteers to provide life-enhancing support to terminally ill patients and their families in Farmville and the surrounding counties. There are three areas in which a volunteer may provide services--patient/family, bereavement, and clerical support. The volunteer may help in several ways, including a friendly visit, reading to patients, providing caregiver relief, or more importantly just being there.

A training course is offered which, upon completion, allows the volunteer to visit patients in the home, hospital, or nursing home setting.
