Scott County Behavioral Health Center offers outpatient behavioral health, mental health, substance abuse, and co-occurring treatment programs for children, adolescents, and adults. Services include individual and group psychotherapy, marital and family counseling, psychiatric services, case management, medication monitoring, crisis services, intensive in-home services, home-based services, education and consultation services, Virginia Alcohol Safety Action Plan, and Children in the Middle. Also offered at this site is Project LINK, an outpatient program for pregnant, substance-abusing women or mothers with dependent children.

Services in Lee, Scott, and Wise Counties and the City of Norton are provided in partnership with Planning District One Behavioral Health Services.
