The PartnerMD mission is to provide you with unparalleled convenience and personal care when you are sick, and to work with you proactively to keep you well. Standard member services include same day half-hour appointments, ongoing monitoring of personal health goals, 24/7 access to the doctor (direct communication via cell phone), home visits as medically necessary; management of referrals and follow-ups, support personnel dedicated to members; personal health portfolio. Also includes comprehensive physical examination annually (lab work, electrocardiogram, cardiovascular fitness determination, nutritional assessment, etc).
