English

Augusta Health offers financial assistance for certain medical expenses to qualified individuals and families. Financial Assistance can be used towards services normally covered by insurance such as

- Hospital care
- Home health care
- Durable medical equipment
- Hospice care
- Visits to physician offices associated with Augusta Health

Eligibility for financial assistance is based on the Federal Poverty Guidelines, income, and the number of family members. Patients may qualify for a 100% or 60% fee reduction. As a condition of eligibility, you must make an application for assistance to Medicare, Medicaid, SLH, medical insurance, etc., that may be applicable for payment of your medical and hospital charges. If you think you may be available for financial assistance, download the [Financial Assistance Application](#). You may also request it from any registration personnel or contact the Augusta Health Business Office for assistance.
