Support One offers several group homes in the Greater Richmond area for individuals with intellectual or developmental disabilities. Group homes provide congregate living arrangements to a small group of adults with recognized developmental disabilities. Consumers receive primary care, which is comprised of room, board, and general supervision. In addition, they receive assistance training, and specialized supervision according to their individual support needs and preferences. Each resident is encouraged to be as independent as possible with daily living activities, hopefully to achieve an improved quality of life through integration in community activities. The homes are located in the communities of Chesterfield, Henrico, Sandston and Richmond.

Eligibility is determined by Support One Program Managers and a Medicaid Waiver is necessary to qualify for service.
