Urologists are medical doctors that focus on the surgical and medical diseases of the male and female urinary tract system and the male reproductive organs. This

includes the kidneys, adrenal glands, ureters, urinary bladder, urethra. Board-certified urologists provide consultation and management for common conditions as follows:

- Adrenal mass or cancer
- Enlarged prostate (medical treatment and surgery) and prostate cancer
- Bladder cancer
- Erectile dysfunction (medical therapy or implants)
- Hematuria or blood in the urine
- Interstitial cystitis
- Kidney cancer (freezing small tumors) or surgery
- Kidney stone management
- Male infertility
- Pediatric urology
- Pelvic organ prolapse
- Sterilization (vasectomy) or reversal
- Testicular cancer
- Testosterone deficiency
- Urethral and penile cancer
- Urinary incontinence or infections

Riverside Urology Specialists are part of Riverside Medical Group.
