Shepherd's Lodge offers a group home in Portsmouth for individuals with intellectual or developmental disabilities. Group homes provide congregate living arrangements to a small group of adults with recognized developmental disabilities. Consumers receive primary care, which is comprised of room, board, and general supervision. In addition, they receive assistance training, and specialized supervision according to their individual support needs and preferences. Each resident is encouraged to be as independent as possible with daily living activities, hopefully to

achieve an improved quality of life through integration in community activities.

Temporary care may also be provided in the group home on a space available basis for someone needing assistance with activities of daily living. This allows a break for the usual care provider.
