CHIP of Roanoke Valley is an early childhood home visiting program. Services are geared toward low-income children, ages birth to kindergarten-entry. A Child

is paired with a Community Health Nurse and Family Case Manager for health care coordination (help accessing needed medical services, assistance with the management of chronic conditions, and preventive services like fluoride dental varnish); developmental education, kindergarten preparation and regular child assessment and monitoring.

Programs include

- Health Care Coordination
- Asthma program
- Oral health program
- Pregnant Moms program
- Family strengthening
- Mental Health services
