Piedmont Access to Health Services (PATHS). Danville provides comprehensive primary health care to those local to the Dan River Region. Experienced physicians and other medical professionals are on staff to offer the highest quality care possible.

Services include:

- Family Medicine - Primary care for the whole family including preventive services and annual screenings for children, adults and seniors.
- Internal Medicine - Primary care for adults including preventive services and annual screenings.
- Pediatric Medicine - Primary care for babies and children including well-child visits and school/sports physicals.
- Chronic Disease Management - Diagnosis and ongoing care for diabetes, hypertension, and asthma.
- Immunization - Protection from, and prevention of, infection diseases.
- Behavioral Health - Mental health counseling services for patients receiving care from one of PATHS' Medical Providers.
- Pharmacy - Providing access to safe and effective medicine.
- Telemedicine - Advanced internet technologies support specialty visits from providers at the University of Virginia Health System from PATHS' Chatham location.
- Laboratory & EKG Testing.
