Fort Belvoir Community Hospital is an integrated healthcare network providing world-class medical service to the nation's wounded, active duty service members, retirees, and family members. This hospital is designed to increase hospital and outpatient care to all service members and veterans in the National Capital Region.

The Fort Belvoir Community Hospital Adult Outpatient Behavioral Health staff provides a comprehensive array of mental health services for military members and their families, bringing hope and healing to adults with mental illness. The clinic is an interdisciplinary service offering a range of treatment options designed to alleviate impairment in coping skills, psychological symptoms, social or interpersonal dysfunction, work or school performance, substance abuse, and lethality.

The Pediatric Outpatient Behavioral Health program is available for ages 3 through 18.
