MSA Home Health and Hospice provides health services in the patient's place of residence for the purpose of restoring, maintaining, and promoting health and minimizing the effect of illness and disability, to educate and support the family, and to provide services at a reasonable cost. Home health nurses may help with:

- Diabetes Management and Care;
- Cardiovascular Management and Care;
- Post-Operative Management and Care;
- Neurologic Care;
- Medication and Diet Changes;
- Asthma and COPD Education and Management;
- Wound Care.

Other services include medical supplies and equipment, home health aides, physical, occupational and speech therapy, and intravenous infusion therapy.
