Virginia Medical Center & Urgent Care can provide medical care for minor
Emergencies when you cannot get an appointment with your family doctor. The

Emergency Room is too busy; the wait is usually too long and can be very expensive. At Virginia Medical Center's Urgent Care, we provide prompt, convenient and comprehensive Urgent Care from infants to adults. No appointments are needed. All walk-ins are welcome. Waiting time is kept to a minimum and we accept most insurance plans. For the uninsured, our low fee programs will take care of minor illnesses and injuries. School and sports physicals are also available.

Help can be provided with cough, cold, flu, sinus infections; back pain; sore throat; rash; diarrhea; strains and sprains; lacerations, wounds; and burns.

Service Area(s)
Loudoun County
