Eastern Shore Community College provides workforce development programs intended to prepare the emerging workforce, such as high school students or adults who are seeking to progress in their current fields, transition to new career fields, or return to work.

Seamless curriculum programs are developed in cooperation with the local high schools and technical centers in the school divisions of Accomack and Northampton counties. Some classes are available as dual enrollment to high school students who qualify.

[Veteran Resources](#) explains resources for a veteran returning to college.
