HealthWorks Dental Clinic provides high-quality, full service dental care for primary care clients. In addition to treatment, patients and their families receive oral health education about the causes of tooth decay, the importance of good nutrition and how to practice good oral hygiene.

Some of the services available are preventive care including comprehensive exams, x-rays, cleanings, sealants and oral health education; root canals crowns, dentures, extractions and emergency dental care.

Please visit the website for other services that are provided.

Service Area(s)

Loudoun County
