Sentara CarePlex Hospital is a 224-bed acute care facility opened in December 2002, with up-to-date technology including "smart" operating rooms and a campus-wide fiberoptic backbone to support transfer of filmless, digital diagnostic images. Sentara CarePlex Hospital also offers eICU«, a highly advanced electronic monitoring system for intensive care patients.

Other features include outpatient diagnostic imaging, advanced surgical capabilities, hospitalist program, Cancer Institute, and one of the state's largest emergency departments. Two medical office buildings on the campus provide access to hundreds of specialists. For patient comfort, the facility features 194 private patient rooms spacious enough to accommodate visitors, and equipped with internet access and entertainment options.

Sentara Advanced Urology Center is located on the campus of Sentara CarePlex Hospital. The Center offers comprehensive treatment of many types of urological problems, including prostate cancer, incontinence, reconstruction and infertility. Board-certified urologist provide quality care for men and women with urological conditions.
