VetsFirst is a program of the United Spinal Association that assists veterans and their eligible family members in obtaining the benefits they are entitled to, deserve, and need. Assistance is provided through the call center and online help desk, [Ask VetsFirst](#). The staff tackles each case individually, taking the time to discuss self-help tips and assist with questions on military separation, claims appeals, and state

benefits. Assistance and representation are also provided in claims for benefits and services before the U.S. Department of Veterans Affairs.

In addition to providing individual support and counseling services, VetsFirst offers timely news and information across the spectrum of issues presently impacting veterans, including guides on self-help, state benefits, separating from the military, as well as exclusive feature stories on military health care and VA funding and compensation.
