Intake Process

The members of the fire and rescue system are prepared and willing to visit your home to offer a free smoke detector check, as well as provide additional fire safety information. Batteries can be replaced as well as provide or replace smoke alarms if needed. More information about smoke alarms is available at website or call our public education hotline at 703-737-8093. Please leave us your name, number, and a brief message and we will get back to you as soon as possible.

Loudoun County Fire and Rescue will install smoke alarms. Smoke alarms are a key part of a home fire escape plan. The members of the fire and rescue system are prepared and willing to visit your home to offer a free smoke detector check, as well as provide additional fire safety information. We will replace batteries and provide or replace smoke alarms if needed.

More information about smoke alarms is available at [Put a Finger on it Smoke Alarms.](#)

You can also call the public education hotline at 703-737-8093 for more information about the Smoke Alarm Program. Leave your name, number and a brief message and we will get back to you as soon as possible.
