The mission of the Supportive Housing Case Manager is to provide temporary housing and intensive case management to individuals who are currently enrolled in Substance Abuse or Co-occurring services.

Adult males and females are provided with temporary housing. Individuals are assisted in finding and maintaining employment so that they can transition to independent housing within three to five months of program enrollment. During this period clients are also expected to participate in a substance abuse outpatient continuum of care. Individuals learn life skills related to independent living including budgeting, finance, and self-care plus employment referrals.
