HomeKeepers offers a Home Management service and will make scheduled visits for designated routine maintenance and home inspections. This service helps homeowners maintain and monitor their homes using scheduled visits and emergency availability. On regular visits, staff will change light bulbs, air filters, and smoke alarm batteries, and check for plumbing leaks, electrical issues, and appliance condition. Seasonal chores like cleaning gutters and power washing for pollen are scheduled. Should an emergency arise, staff will be familiar with your home and find a proper solution.

HomeKeepers also offers a home consultation and creates a plan that will make your home more accessible and safer to live in.

As experienced homebuilders, HomeKeepers can design and make modifications custom-tailored for your needs – from renovating a bathroom to adding a major addition.
