Hospice focuses on palliative care and comfort care in the final stages of life. It is important to note that hospice does not hasten death but instead, helps the individual live fully and comfortably, affirming their uniqueness and providing support to their loved ones.

We provide a holistic approach to care, focusing on the physical, emotional and spiritual needs of the patient and family. Our Hospice Care Team provides:

- Nursing Care
- Hospice Home Health Aides
- Social Work Support
- Chaplain for Spiritual Care and Support
- Volunteer Program
- Complimentary Therapies (such as music therapy, art therapy and hands-on techniques)
- Bereavement Program

In addition, hospice care can be provided wherever the patient calls home.
