Hospice is a special way of caring for people with terminal illnesses as well as their families. At Senior Independence of Westminster Canterbury, they provide expert and compassionate physical, emotional, and spiritual support and care through a physician-led interdisciplinary team of nurses, nurses' aides, social workers, chaplains, and community volunteers. They are there to help you and your family develop a personalized care plan so that you can continue to live life to the fullest – and to bring peace as life's journey ends.

They respect your wishes and will develop a safe care plan that keeps familiar surroundings a priority. Here are all of the places where they will provide hospice care to you or your loved ones:

- Your own home,
- The home of a family member,
- A retirement or assisted living apartment,
- A nursing facility.
