At Cumberland Mountain Community Services Board, Mental Health Case Management program helps individuals access and use resources and supports essential to meeting basic needs of daily living in order to maintain community living. Services may include but are not limited to medical, psychiatric, social, educational, vocational, residential and other identified supports. Services may be provided through satellite offices in Lebanon, Grundy, and Tazewell.

The activities of Mental Health Case Management include:

- assessing the holistic needs of the individual, including medical, psychiatric, social, educational, vocational, and residential concerns,
- identifying immediate needs that must be met prior to completion of the Individualized Service Plan (ISP),
- linking the individual to services and supports,
- developing supports/resources, coordinating services with other providers, enhancing community integration and participation,
- monitoring services/support delivery,
- providing instruction and supportive counseling ,
- advocating for individuals in response to their changing needs.
