At Planning District One Behavioral Health Services, Case Management assists individuals and their family members to access services that are responsive to the person's individual needs. Services include:

- identifying and reaching out to individuals in need of services,
- assessing needs and planning services,
- linking the individual to services and supports,
- assisting the person directly to locate, develop, or obtain needed services and resources,
- coordinating services with other providers,
- enhancing community integration,
- making collateral contacts,
- monitoring service delivery,
- advocating for people in response to their changing needs.
