Remote Area Medical (RAM) provides medical care through mobile clinics in underserved, isolated, or impoverished communities. Most clinics provide general medical, dental, vision, preventive care, and education.

Concerns include hypertension, arthritis, depression, heart disease, diabetes and pulmonary disease. The volunteers provide emergency care, women's health,

endocrinology, dermatology, general medicine, mammography, social services and more.

Basic services can include dental, vision, medical, prevention and education. Due to time constraints, be prepared to choose between dental and vision. Dental and vision care are not available on the same day.
