Private Pay

Tendercare of Virginia (Tendercare Transport) offers ambulatory transport, wheelchair transport, and stretcher transport.

Their drivers will accompany patients to appointments, check-in at reception, and should the doctor be running late will advise the patient, and inform them to call, should their appointment finish earlier than expected so Tendercare can have someone there to pick the patient up as soon as possible. They will not be left for

hours waiting for a return ride. And they will not just be dropped at the entrance of their nursing or assisted living home entrance; the driver will check them back in with the proper wing head nurse and accompany them to their room.

Rides can be within the whole nation, must schedule transportation ahead of time.

Service Area(s)

Nationwide

,

Statewide
