Liberation Veteran Services (LVS) provides a community shelter to provide food, shelter and the power to change for veterans in crisis. LVS partners with various organizations with accredited curriculums on life skills such as budgeting, conflict resolution, health and wellness and credit repair to name a few. LVS helps each individual veteran with the specific need that can assist their mind, body, and soul.

Services include assistance with issues such as post-traumatic stress disorder (PTSD), addiction, and more, that guide Veterans in the right direction.

100 percent of Veteran clients receive benefits, counseling, and transportation to the VA Medical Center in Richmond for appointments.

Call the Homeless Point of Entry (HPE) at 804-972-0813 for a shelter referral to LVS.

Service Area(s)

Richmond City
