At Commonwealth Memory Care at Chesapeake, "We Listen, We Love, We Care, We Serve" is the motto.

Specialized and free-standing memory care is located in Chesapeake, Virginia, only seven miles from Norfolk and 60 miles from Williamsburg. Private or semi-private suites are options and beautifully decorated common spaces. The outdoor courtyards, fountains, and sitting areas provide the perfect setting to spend time in the fresh air and sunshine.

Help is available with bathing, getting dressed, or managing other daily activities. Staff is always available 24 hours a day, seven days a week for assistance. The trained and compassionate team of caregivers is on-site and ready to respond to any request for assistance.

By practicing person-centered care, services are tailored to your loved one's individualized needs. We encourage residents to engage with life at their own pace, and we support that by offering a chance to share delicious meals through the

award-winning Farm-to-Table and Today from the Bay dining programs, experience different cultures and lifestyles with the Travel the World program or simply have a meaningful conversation in one of the outdoor sitting areas.

This whole-person approach to senior living extends to the award-winning Sweet Memories™ Programs that have been proven to elevate care and enhance the experience of residents living with Alzheimer's disease and other forms of dementia. The signature memory care programs blend a warm, homelike environment with the personalized care of compassionate caregivers, familiar routines and staff, and engaging programs and activities that provide the residents with the best experiences.

The community is only 22 miles away from Virginia Beach if your loved one would enjoy spending time near the water. Although there is a physician-staffed Wellness Clinic on-site, we also have easy access to major regional medical facilities if additional care is ever needed.
