Visit the Make The Connection website to learn more about social withdrawal and isolation, treatment options, self-help tools and resources for veterans.

If you are a combat Veteran, you can bring your DD214 to your local Vet Center and speak with a counselor or therapist — many of whom are Veterans themselves — for free, without an appointment, and regardless of your enrollment status with Veterans Affairs. In addition, any Veteran who was sexually traumatized while serving in the military is eligible to receive counseling regardless of gender or era of service.
