No Limits Brain Injury Services, a division of No Limits Eastern Shore (NLES), offers specialized brain injury case management to meet the unique needs of brain injury survivors on Virginia's Eastern Shore and Northern Neck, as well as Middlesex County on the Middle Peninsula. Case management at NLES is provided by a Brain Injury Specialist Case Manager trained in person-centered practices. NLES case management works with individuals to identify needs and goals and develop a plan to meet them. They work to connect survivors of brain injury with resources including housing, legal, financial, medical, family, and other supports.
