Valley Program for Aging Services (VPAS)'s mission is to empower those 60 years and older with the resources and opportunities they need to lead engaged lives. Senior Transportation is one of the programs for older adults who can no longer drive but still need to get to appointments and other life-necessary destinations. All vans are wheelchair accessible.

In limited areas, VPAS can provide transportation to non-emergency medical appointments, grocery stores, pharmacies, banks, and other life-essential destinations when no other transportation options are available.

Call to see what transportation services are available in your area.
