The Special Supplemental Nutrition Program for Women, Infants, and Children (WIC) is a nutrition program that helps improve the health of pregnant women, infants, and children (under 5 years of age) through better nutrition and access to health care.

WIC Provides:

- Private and group sessions with a nutrition expert
- Support and help with breastfeeding
- Referrals to other services that can help you and your family (e.g. immunizations, health care, dental care)
- Healthy recipes and access to healthy food

To be eligible for WIC, you must be pregnant, breastfeeding, or postpartum, have an infant or child up to the age of 5 and be a Virginia resident, be financially eligible and be at nutritional risk. Please visit the [website](#) for more information.
